Backflow Tester Name (Print) MassDEP Cert.ID# Exp. Date Signature Phone#

• Backflow Device Test Witnessed by a Facility Owner/Representative

_____/____/____
Facility Owner/Representative Name (Print) Title Signature

* If a backflow prevention device failed a test, the following steps are required by the Massachusetts Drinking Water Regulations:
• The owner of the device must obtain the service of a Massachusetts licensed plumber or a Massachusetts licensed fire sprinkler

fitter/contractor to perform the necessary repair within fourteen (14) calendar days of the failure test or from the discovery of the defect as required by the Massachusetts Drinking Water Regulations, 310 CMR 22.22(13)(b). The repaired device must be re-tested by a Massachusetts certified backflow prevention device tester.

- A *Backflow Prevention Device Repair Information & Re-test Report Form* must be completed to report the repair(s) conducted and the re-test result.
