Whitinsville Water Company

APPLICATION FOR FIRE HYDRANT WATER METER RENTAL

Applicant Name:_____

Applicant Address:_____

Applicant Phone #:_____ Email:_____

Requested start date: _____ End Date:_____

Requested Location for Meter:_____

Estimated Volume of Water Needed (gallons per day):_____

What size meter is requested (circle)? 5/8" ≤ 25 gpm 1" ≤ 50 gpm 3" ≤ 300 gpm

Applicant Agrees to the Following:

- To pay initial $120 set up fee, plus the cost water billed afterwards. In addition to the set up fee, provide $200 refundable deposit for 5/8" or 1" meter. Or a $400 refundable deposit for 3" meter.
- To secure the meter against vandalism, freezing, or theft. Provide lock on operating valve.
- To pay for all water the passes through meter, no exceptions.
- To only operate the valve provided with the meter. Applicant shall never operate the hydrant. Applicant shall never remove or alter any installed equipment.
- The water company will determine which hydrant can be used for meter rental. The water company will provide meter, operating valve, and backflow prevention device.
- Applicant will be responsible to provide connection and hoses to connect to the company's equipment.
- Meter rentals will only be allowed during non-freezing times of year. The company will determine when this time frame may be.
- The company does not guarantee any volume of water. The company reserves the right to shut down the hydrant meter rental at any time.
